

E-BOOTHS

The novelty of this year is that we will have 13 e-Booths (regional, thematic, institutional) to share relevant information with the newcomers and to provide them with the background, other ongoing initiatives to foster synergies in the region with CBHE projects, hints, and tips on specific issues as well as best examples depending on the e-Booth. These e-booths can include video clips, PPTs, policy documents and any other relevant resources.

You will be able to join live sessions foreseen on 27, 28 and 29 January.
